Modernist Frieze Cocktail Table

Art triptych cocktail table in the modernist frieze style.

This table consists of an inset relief panel with modern architectural and abstract designs.

Created with mixed materials, textures and coloration.

Glass inset top. Finished wood frame.

Additional tables individually fabricated and will vary from image as shown but can be recreated as close as possible or customized within certain limitations.

Due to the materials and hand-created process, the table has natural finishes with variations and imperfections throughout lending a casual appearance.

Materials: Gesso relief, steel, unlacquered raw brass, wood with natural imperfections

Glass: Inset top

Size: 18"h x 31.75"d x 52.75"w
